

# The Data Governance Professionals Organization®

[www.dgpo.org](http://www.dgpo.org)

[www.dgpo.org](http://www.dgpo.org)

The DGPO is the only international non-profit, vendor neutral, association of business, IT and data professionals dedicated to advancing the discipline of data governance

The primary resource for practitioners working in data governance

A forum that fosters discussion and networking for members

Encourages, develops and advances the skills and careers of members working in data governance

# What We Provide

## Data Governance Professionals Organization

A virtual and social networking community for data governance professionals to connect and share experiences and content

Face to face networking through member meetings at industry events and conferences

Webinars and interactive member teleconferences that focus on best practices and real life member experiences

Influence and endorse data governance education and training

Member discounts to training, conferences and tools
